

2007-08 SMV Registration

Dear Advisors,

The Wisconsin Energy Efficient Vehicle Association, Inc. (WEEVA) has finalized the Wisconsin Supermileage Registration Forms for 2008. Enclosed you will find a single page form to be used for all Wisconsin Supermileage Challenges in the Spring of 2008.

WEEVA is also facilitating the collection of these forms and fees this year for the first time. This is to streamline the registration process for local advisors in registering their teams. Local Coordinators will still handle main contact between challenges and advisors as WEEVA will not be officially "registering" teams for challenges, rather forwarding the information on to local Coordinators.

Sincerely,

Jesse Domer
WEEVA Executive Director
Domer@WisconsinSupermileage.org
